INSTALLATION INSTRUCTION

1. TAPE MOUNTING:

- Decide where to install the dispenser for convenient user access.
- Clean entire mounting surface.
- Remove protecting cover from adhesive tape on back of dispenser.
- Carefully position dispenser and firmly press against the mounting surface for at least 10 seconds.

2. PERMANENT SCREW MOUNTING (OPTIONAL):

- Drill holes at a proper position on mounting surface.
- Insert wall plug and screw to secure dispenser permanently onto wall.

3. FOR USE:

- Press on the button to dispense instant foam to your palm.
- You can monitor the remaining contents of refill through the button on the cover of the dispenser.
